CONSTRUCTION

The stand will be constructed as shown on your stand drawing, which can be downloaded via the link at the top of this site.

Mark the technical installations, you wish to purchase, at the stand drawing. This applies to for instance power supply and sockets. Please state the name, address and phone number of the architect or decorator, who are responsible for the construction of the stand.

Additional technical orders must be ordered through the expo shop, which you can find at the top à next to My orders.

In connection with the construction of your stand, we refer to [MCH's rules of conduct](#)

The Register of Foreign Service Providers (RUT) is the Danish government's official register to report a foreign service. Foreign service providers (employees and self-employed) working in Denmark must register in RUT.

In proportion to the exhibition, RUT must be completed, if you use foreign labour to construct your stand.

MCH does hereby notify:

MCH has no obligations in this aspect. The link below goes to the website of The Danish Working Environment Authority (WEA) about [RUT](#)

FORKLIFT ASSISTANCE

Goods and materials must be delivered directly on the stand.

If the driver is unable to unload the goods, please refer the matter to Sand Spedition. They offer truck service and know our house very well.

STORAGE OF EMPTIES

Practical information regarding collection of packaging

- Packaging must be stacked securely on pallet(s) before the goods are left at the stand (Please remember that the goods are being transported by a fork-lift truck and on a lorry to and from the storage facilities).
- If you have any sensitive/delicate objects, such as cardboard, cartons, linen, furniture, electrical goods etc., these **MUST** be covered with foil and/or plastic/tarpaulin.
- Packaging must be expected to be outside for brief period before being returned to the stand.
- Goods must be clearly labelled with your company name and stand number. Foil, tape, labels for labelling goods and returned emptied labels can be claimed from Sand Spedition's office, which is located between Halls D and E.

Please meet the details above. Otherwise Sand Spedition cannot guarantee the punctuality or safe return of the packaging. We will, of course, be glad to answer any questions you might have.

FOODTECH

Conditions: All assignments are executed in accordance with NSAB 2015/the CMR law.

If you need to collect/store empty goods and packaging, we refer to Sand Spedition.

It is not allowed to store empty packaging at the stand or in the back room, but it is possible to purchase space for storing your empty packaging. Empty packing will be picked up at the stand before the exhibition and delivered back to you at the stand after the exhibition. It will not be possible to access the stored empty packaging during the exhibition.

ALL EMPTY PACKAGING MUST BE STACKED ON A PALLET, MARKED WITH:

Stand number
Company name
Contact person
Telephone number

Please note that you must take out insurance on the packaging and empty packaging yourself.

Book storage for your empty packaging – contact Sand Spedition
