

FOODTECH LAUNCHES A NEW STARTUP CONCEPT

FoodTech is introducing an entirely new startup concept designed to promote innovation, entrepreneurship, and the future of solutions for the food industry. The objective is to create a dedicated platform where startups can connect with key decision-makers across the food sector and build valuable relationships with potential customers, business partners, and investors.

**PITCH TO DANBAN
- DANISH BUSINESS ANGELS**
and engage directly with stakeholders from across the food industry.

WHAT FOODTECH OFFERS:

- 7,066 visitors (2024)
- 267 exhibitors (2024)
- Pitch opportunity in front of DanBAN – Danish Business Angels
- Visibility among decision-makers from the entire food industry
- Networking event with exhibitors and visitors
- Attractive and centrally located exhibition space

INCLUDED IN THE STAND PACKAGE

- Reception counter
- Custom graphic print for the counter
- Chair
- Carpet flooring
- Lighting
- 1 power outlet (230V)
- MCH365 online visibility package

DKK 2,000 excl. VAT

A NEW CONCEPT - DESIGNED FOR GROWTH

Meet potential customers, CEOs, business owners, manufacturers, suppliers, technical specialists, investors, and strategic partners – all in one place. As part of the startup concept, participants receive access to an attractive turnkey exhibition stand, valuable networking opportunities with industry professionals, participation in conference activities, and the opportunity to present their solutions directly to relevant decision-makers, investors, and business angels.
